

CONDITION SERIOUS.

The President Suffered a Relapse Last Night and for a While Life was Despaired of. There was a Slight Rally This Morning, But His Condition Is Still Most Critical.

Buffalo, Sept. 13; 1:05 p. m.—At 12:30 the president was still sleeping. His condition is unchanged and there are no new developments. His physicians say if he can be taken through the night without further decline, there will be hope for him. Mrs. McKinley hasn't been told, but seems to fear the worst.

A dispatch from Buffalo dated 1:15 state: The president is gradually sinking, with rallies. His heart is failing. His stomach fails to assimilate food, and the end may come at any time. All officials have been sent for.

AFFECTS STOCKS.

New York, Sept. 13.—The stock market was affected by the president's crisis, and opened feverish with wide declines. Feeble rallies were not held, and the feeling continued excited.

THE FIRST BULLETIN.

Buffalo, Sept. 13, 8 a. m.—The president took a turn for the worst after midnight, growing steadily worse until 4:30. The doctors held out little hopes for his recovery and once or twice death seemed very near. At 6:30 a slight rally had occurred, but his condition is still most critical.

MORE ENCOURAGING.

Buffalo, Sept. 13, 9:15 a. m.—Physicians reported slight improvement in the president's condition at 9 o'clock. He seems to be responding to stimulation more readily and Dr. Myer stated:

NOON.

Buffalo, Sept. 13, 10:41 a. m.—Although the president's doctors say they have not abandoned hope, their statements leave room for but little hope. All dread what the day may bring.

THE TROUBLE.

Buffalo, Sept. 13.—The trouble and source of danger now is in the stomach and bowels. The amount of medicine in the urine indicates a disturbance in the gastro-intestinal canal, called in medical terms intestinal toxemia. The fact is that the president should not have been allowed to take any food through the stomach because of the wound in that organ. Nourishment therefore was administered as

OTHERWISE.

"Nourishment, however, is absolutely necessary to keep up the strength. It is hoped that the next 24 hours will show a decided change for the better in the general condition of the president."

THE NEWS IN PADUCAH.

The news of the president's sudden turn for the worst was received in Paducah with evidence of unusual interest, and people crowded about the newspaper bulletin boards, and kept the telephones busy all the forenoon.

ISSUES OF 1904.

Lincoln, Neb., Sept. 13.—In a letter to George W. Harris, president of the Bryan Traveling Men's club of St. Louis, made public today W. J. Bryan outlines what he believes will be the leading political issues of 1904. Mr. Bryan insists the silver question is not settled, that the fight against the trusts must continue, together with opposition to government by injunction, and finally that the Kansas City platform bids fair to be as sound declaration of Democratic principles ten years hence as at the time it was adopted.

DESTROYING STORES.

Manila, Sept. 13.—Active military operations are progressing in the neighborhood of Cabago. Three different companies of the Eighth regiment have had engagements with the insurgents and have destroyed several quantities of stores and ammunition. The troops also captured a number of flags, rifles and many insurgents. The governors of three provinces in the island of Luzon have appealed to the municipalities to prohibit gambling, which they declare is becoming a public nuisance.

ENJOINED TICKET.

Cleveland, O., Sept. 13.—The ticket brokers, who were enjoined from dealing in G. A. R. tickets, filed an answer in common pleas court through a dozen attorneys. As soon as they were served with notices of the granting of the injunction at their regular places of business many brokers opened offices elsewhere, and continued to buy and sell tickets.

GAGE ACCEPTS BOND OFFERS.

Washington, Sept. 13.—Secretary Gage has accepted offers of bonds aggregating \$7,508,800, made in response to his announcement of last Tuesday that he would receive offers of all denominations except the new 2s. The highest price for 4s. of 1907 was \$11,375; for 3s, \$109; for 5s, of 1904, \$108.75; for 4s, of 1905, \$140.

FOR ENTERTAINING CAZAR.

Berlin, Sept. 13.—The French government, according to dispatches from Paris, will ask a credit of 2,000,000 francs for entertaining the czar.

TRYING TO SETTLE.

B. & O. STRIKE. Washington, Ind., Sept. 13.—Striking men on the Baltimore and Ohio Southwestern railway threatened to block traffic at Huron. Twelve deputy sheriffs, well armed, hustled to the scene on a special train and prevented violence. B. Frank Smith, state labor commissioner, arrived today and is trying to bring about a settlement of the big strike.

RECTOR REED.

SUSTAINS PAINFUL INJURIES FROM A FALL FROM HIS BICYCLE.

Rector B. E. Reed, of the Episcopal church, met with a serious accident in front of that church this morning about 9 o'clock while preparing to ride to town on his bicycle.

He mounted the wheel at the bridge in front of the church and before he had gone three feet the front wheel struck a rock or some other obstruction which turned and threw Dr. Reed to the ground. He struck the curb and remained there in an unconscious condition. He was picked up and taken to the porch of the church where he remained until Dr. Hicks and his wife and daughters arrived. He was unable to walk and had to be carried to his residence on Court street where an examination of the injuries was made. There were no bones broken but his hips were badly bruised and also his head and back are in a like condition.

After an examination had been made it was found that the injuries are not of a very serious nature although they will confine the doctor to his room for some little time. There are many very painful bruises on his person but the shock more than anything caused him more injury. Dr. Brann, of Baltimore, a young physician lately arrived here was the first to get to him when he fell and rendered very valuable assistance.

IN SOUTH AFRICA.

LIVELY SCRAP REPORTED NEAR DORDRECHT.

Pretoria, Sept. 13.—While Colonel Munro's column was returning from Barly, east to Dordrecht, it was attacked by the Boers under Commandants Fouché and Myburgh, in Wolkebloff. The advance guard was in the pass when a terrific fire was opened upon them from the heights above the Kloof. The British were in a precarious position on the flat, where there was little or no cover, but they rapidly unlimbered and returned a brisk fire. The fighting continued for some time.

CLEARED OF INVADERS.

ALLEGED BOER SPIES ARRESTED IN THE RIVERSDALE DISTRICT.

Cape Town, Sept. 13.—The Riversdale district of Cape Colony has been entirely cleared of the invaders. Two alleged Boer spies have been arrested at Mossel Bay.

FARMER HANGS HIMSELF.

Auburn, Ind., Sept. 13.—William Cullers, aged thirty, residing east of Auburn, on a farm, was found hanging in the barn, having committed suicide. A hitching strap was used to make the loop, and when found was tied to a rafter and his feet touching the floor. Cullers was unmarried and no cause for the rash act is assigned.

The case will not be tried this term of court as the suit was not filed until after the limit but it will be taken up at the next regular term.

NO COUNTY FAIR.

THE PROJECT HAS NOW FALLEN THROUGH IN PADUCAH.

The project on foot to hold a county fair here this fall has gone by the board, and the effort will be abandoned. The cause is that a fair such as was contemplated could not be given at the grounds, the promoters not being allowed to permit beer or pools sold, or to have the usual adjuncts that go to make a fair a success.

TOMORROW THE WORK OF PLACING THEM BEGINS IN THE KENTUCKY.

SAD AND UNEXPECTED NEWS.

The nation is again plunged in sorrow over the sad and unexpected news of our president's relapse. The intelligence is all the more poignant because it came at a time when every one thought the patient was on the road to recovery, and would soon be able to be moved to his home in Washington. It came as a great shock to the entire country, for it seems to carry with it diminished hope.

As long as there is life, however, there is hope, however small, and the best will be prayed for, and we trust will come to pass. While it was generally believed that the president was holding his own well, a great many were not so sanguine, and feared that the wound was worse than appeared, and owing to the age of the patient, and the inevitable danger of such wounds, recovery was by no means certain.

A sad but hopeful people will await the news from the bedside with renewed eagerness and solicitude.

Able men on both sides of the ocean are making a constant effort to extend the principle of arbitration, says the Saturday Evening Post. Enlisted in this movement are boards of trade chambers of commerce, legislatures and organizations of capital and labor. Sentiment rules the world. For centuries the war fever has been bred into our minds and dispositions, and national prejudices have time and again been too strong for the common sense of the people. The movement for arbitration is comparatively recent. At best it was one of those chimerical ideas which people accepted as good in its way, but impracticable in the case of international differences. But steadily the faithful friends of the cause have made their appeals, and already they have won the spoken endorsements of nearly every nation of the world. Furthermore, they have convinced the people that war is a bad thing. Of course, we must not expect war to cease altogether any more than we may look for the immediate regeneration of the human race; but arbitration is making it less frequent and is bringing the peoples into that state of mind which more readily accepts the decision of an umpire.

Mayor Lang did not have to present the report of Milk and Meat Inspector Hossig to the council last night, and does not have to present it at any other meeting of the council. The ordinance creating the office does not require the inspector to make a report to anyone, either the council or the board of health. If he did have to report, the document would doubtless be a mere formality, a perfunctory paper that like the reports of police captain, electric light superintendent, sewerage inspector and other officials, is presented to the council and filed without even being read. It would be little that the council would know about the condition of the respective departments if the reports were read, but as they are never read, the council can be safely said to know practically nothing about what is being done in certain departments, except that salaries are drawn with unfailing regularity.

Paducah has taken the initial steps toward procuring a public library and the council has pledged its support for the library, as an inducement to

Mr. Andrew Carnegie to endow the institution. Paducah has long needed something of the kind, and that it would be fully appreciated goes without saying. Paducah is now the most important city in the state outside of Louisville, and her progress has been steady in both population and commercial supremacy. There is a great future for Paducah, and Mr. Andrew Carnegie will never regret any donation he may make towards establishing a public library in the "Fridge of the Purchase," the coming city of Kentucky.

Cantrill's exhibition of bad taste in dragging up the Goebel case and making Kentucky ridiculous in the eyes of the world, says the Louisville Commercial, would indicate that he is the sort of Democrat who, when his own party becomes disgusted with him and refuses to elect him to office, is prone to bolt and try to get revenge through the Republican party. But let notice be given here and now, that when the Democratic members of the next legislature refuse to make Cantrill their nominee for United States senator, he need not apply for admission to the Republican party. Cantrill is about the worst that ever happened, even in the Goebelite Democracy.

Mayor Lang declares that if the board of health can reduce the death rate one half, he is in favor of giving it full away and allowing it to reduce it to nothing. "It reminds me of the prominent Paducahan who was told that by voting \$100,000 for bonds to help the streets in good repair, one half the expense of maintaining them would be obviated," said Mayor Lang yesterday. "You was a pretty smart man," replied the citizen, "but you voted \$200,000 for bonds, and do away with expense entirely?" So it is in this case.

It looks pretty blue for Col. Mott Ayers in his race for the legislature from Hickman and Fulton counties. There has been a factional fight between Col. Ayers and Bob Platt, both claiming the Democratic nomination, and according to the dispatches the county clerk of Hickman county announces that he will place Platt's name on the ballot under the rooster, which it is claimed will defeat Col. Ayers.

The city council should at its regular meeting Monday take some action relative to the meeting of the Ohio Valley Improvement Association here on October 23. We do not want any impromptu entertainment, hastily gotten up and poorly carried out, but a reception well planned, and completed in such a manner as to convince the visitors that some preparation was made for them.

The newspapers are taking a great deal of interest in the approaching meeting of the waterways convention here, and it behooves the people of Paducah to do likewise. From Cincinnati to Memphis notices appear almost daily about the session, and some of the things that are proposed to be done. Paducah should be fully prepared for it.

McCracken county's election commissioners have qualified and are ready for business. It is very probable that there will be a set of good, orderly election officers, for the three commissioners, Messrs. Dorian, Utterback and Sheriff Rogers stand high in the community, and will have no other kind.

Wickliffe comes to the front with the unique record of three negroes hanged at one time for murder, and according to reports the lynchings were all colored. That part of the country seems to be a good place for had negroes to fight shy of. They have no time to fool with the courts in such cases.

One of the most remarkable elections ever held was in Holly Springs, Miss., Tuesday. The people voted on a proposition to add one mill to the tax for general purposes, and the vote was 45 to 45, and the important matter will have to be settled at a subsequent election.

Now that Coroner Phelps has sufficiently recovered to marry, it is presumed that he will find time to serve those papers on Sheriff Rogers. The transition from a hopeless invalid to a newly married man has been quite sudden in the genial coroner.

It is an awful threat. If the next council dares to be dominated by ungodly influences, the health officer proposes to apply the law to it. The present council can go ahead and do as it pleases. But just let the new one try anything of the kind!

COUNCIL ACTS

It Pledges Maintenance to a Public Library For Paducah.

THERE WAS NO OBJECTION

of Less Than \$2,500 and Not More Than \$4,000 to Be Appropriated Annually.

COMMITTEE TO ACT AT ONCE

The council met in called session last night with Mayor Lang and Councilmen Davis, Hymarsh, Jackson, Gillson, Johnson, Elliott, Rudolph, Jones and Smith present.

The object of the meeting was announced by the mayor. A deed from Mrs. Lizzie Leonard, of property for streets for \$100, was ratified.

Rev. G. W. Perryman, of the First Baptist church, stated that the Ministerial Association had taken up the matter of having Mr. Carnegie, the millionaire philanthropist, endow a library in Paducah, and that after writing him, the association was apprised of the fact that he would consider no proposition not containing a provision to maintain a library.

Mr. Pinkerton also spoke, emphasizing the fact that Mr. Carnegie not only provided a building, but the books as well.

After some discussion the following resolution, drafted by City Attorney Lightfoot, was read and adopted:

Whereas, it is the sense of the members of the common council of the city of Paducah that the citizens of the said city are in need of a public library and learning of the commendable disposition of the Hon. Andrew Carnegie toward liberal contributions for the establishment of such public institutions by municipalities where suitable provisions made by such cities for the continued maintenance of such an institution. Now therefore be it

Resolved by the members of the common council of the city of Paducah that in the event of the said Andrew Carnegie making an endowment to the city of Paducah in any sum of money not less than \$35,000, that it is the sense of the common council that it will pass all measures and ordinances necessary for the appropriation of not less than \$2,500 annually and not more than \$4,000 annually for the purpose of maintaining the said library at the expense of the city of Paducah from funds to be collected by means of taxation to be levied each year.

Washington, Sept. 13.—The Schley court of inquiry yesterday afternoon adjourned after excusing Admiral Howison from the board.

Third, the retrograde movement on the 26th and 27th of May. Fourth, the battle of Santiago and the destruction of Cervera's fleet.

Healthy Old People

say the main thing to do is to keep the stomach, liver and bowels in order if you want to keep well and live long. Good physicians say the same thing, too. The remedy called

RIPAN'S TABULES

while not mysterious or miraculous in its curative qualities, is a simple formula prescribed by the best physicians for disorders of the digestive organs. Just little Tabules, easy to take, easy to buy and quick to act. If your trouble is Dyspepsia, Biliousness, Headache, Dizziness, Constipation, Heartburn, and the like, no need of calling a physician. Ripan's Tabules contain exactly what he would tell you to take. Permanent cure follows a fair trial. No uncertainty about it.

ONE GIVES RELIEF.

There is scarcely any condition of ill health that is not benefited by the regular use of a little of these Tabules, and the price, ten for five cents, does not bear them from any home or justify any one in not having them. For children the chocolate coated work, 15 for 10 cents, are recommended. For sale by druggists.

THE PRESIDENT'S PRAYER.

AN IMPRESSIVE SCENE BEFORE THE OPERATION.

I must confess that the most profoundly interesting note in this great scene has been the unveiling of the president's beautiful religious spirit, writes James Creelman from Buffalo.

In that first terrible hour when he believed that he was about to die he turned his thoughts heavenward and "ore himself like a Christian gentleman. When he was lifted on the operating table Dr. Mann said:

"Mr. President, we intend to cut into you at once. We allowed one president to die, but we don't intend to lose you."

"I am in your hands," murmured the president.

Mr. McKinley was lifted on the operating table, stripped for the dreaded ordeal. The doctors were ready to administer ether. The president opened his eyes and saw that he was about to enter a sleep from which he might never awake. He turned his great hazel eyes sorrowfully upon the little group. Then he closed his lips. His face was suddenly lit by a tender smile. His soul came into his countenance. The wail moved. A singular and almost supernatural beauty possessed him, mild, childlike and serene. The surgeons paused to listen.

"Thy kingdom come, Thy will be done." The voice was soft and clear. The tears rolled down Dr. Mynter's face. The president raised his chest and sighed. His lips moved once more.

"Thy will be done—"

Dr. Mann paused with the keen knife in his hand. There was a lump in his throat.

"For thine is the kingdom and the power and the glory."

The eyelids fluttered faintly, beads of cold sweat stood on the bloodless brow—there was silence. Then science succeeded prayer. If there is a nobler scene in the history of Christian statesmen and rulers than this, I have not heard of it.

The inference of divine intervention is almost irresistible when one considers that the first surgeon who had a chance to operate on the president waited until Dr. Mann arrived. He was a man of great ability but he was once forced to retire to a sanitarium because of a mental disturbance. That was years ago. Who can say what thoughts controlled him as he stood beside the wounded president?

TODAY'S NEWS

Mr. George Warfield Still Temporary Day Ticket Agent.

AUDITOR TITUS LEAVES

Today Was a Bad Day According to Some Superstitious Colored Employees.

THE REPAIR OF GRAVEL CARS

Mrs. George Warfield is temporary ticket agent, the newly appointed man having not yet arrived.

Traveling Auditor T. W. Titus finished his work yesterday and went to Letchfield last night to check out the agent there.

This is Friday and the 13th of the month and the superstition of the colored employees of the railroad is amusing to hear. One colored man refused to go under a car this morning to make a connection because he said he was afraid the car would break down and kill him. The foreman asked him why he thought it would break down today and not any other day and the man replied that he feared the accident because it was Friday and the 13th of the month. Several of the colored hands refused to work at all.

The big sledges used in the local Illinois Central blacksmith shops are very hard to wield, no matter how strong a person may be, and many persons are caught by the blacksmiths whom the former watch work.

Visitors are sometimes permitted to the shops and in many cases they become meddlesome, as far as tampering with the tools are concerned. Several days ago a young man entered the shops with a special permit to go through them and when he arrived at the blacksmith shop the men were in the act of hammering a turn in a big piece of iron. He picked up one of the large sledges and asked if it was very hard to wield.

"Not particularly," one genial blacksmith said "if you are use to it." He was told that he could try his hand if he cared and see how hard the sledge worked. The young man said he believed he would try and grabbing the sledge up began to hammer the iron alternating with three other helpers. After several minutes work he dropped the sledge in sheer exhaustion while the other men staid at their post for five minutes. He soon found that the work is far from being easy and now see how the blacksmith gets his "brawny arms."

Mrs. W. J. Donahue and wife, of Louisville, who have been visiting the family of Mr. George Richards, the I. C. car inspector, returned home this morning.

Mr. W. C. Shepherd, the former I. C. ticket agent, was checked out yesterday afternoon and left on the 6 o'clock train for Saratoga, Miss., to accept a position in the transportation department of the Gulf and Ship Island road. His wife and daughter will follow shortly.

Master Mechanic Barton returned from Chicago this morning on the accommodation train. His family will follow him Monday.

The following employees of the car shops of the I. C. here went to Gravel Switch this morning to repair twenty-seven gravel cars. Messrs. Frank Gardner, William Theobald, Henry Oberhausen, John Shores and E. Goulioux. The latter will act as foreman.

Operator J. B. Thomas, of the train dispatcher's office, has recovered after a week's illness and reported for duty this morning.

The family of Train Dispatcher J. G. Ferguson have arrived from Princeton and will make this city their future home.

Mr. Sam Gipson, the flagman at the Tennessee street crossing is again at his post waving the flag. He has been on the "retired" list since the work on the falls was commenced. The falls are now being used by the public.

Mr. John Connell, the stenographer of Trainmaster Flynn, will go to Louisville Sunday on business.

Mrs. James J. McLaughlin, wife of the I. C. machinist, presented him with a fine girl baby this morning.

SAFE BLOWERS.

ROB A STORE AT HAMPTON STATION, TENN.

Clarksville, Tenn., Sept. 13.—The general merchandise store of J. T. Hancock, at Hampton Station, near here, was entered and the safe blown open. A hole a foot in diameter was torn in the side of the building, the safe wrecked, the telephone destroyed, evidently for the purpose of preventing a message being sent to the officers here, and other damage done. Only \$10 in cash was secured, a large amount of money having been placed in bank yesterday by Mr. Hancock, the robbers securing the small balance remaining. There is no clue to the guilty persons.

Many New Autumn Goods Now on Display

Lots More Coming

We're Preparing For a Great Fall Business.

We have bought the largest lot of wool goods we ever owned before. We will be able to supply you attractive dress goods for 25c to \$1.75 a yard. It's not all in yet, but much is on the way here.

A remnant wool dress goods sale. Special for this week. Some marvelously low prices! We have many three, four and five yard lengths for this week's selling. Here are two, three and four yard lengths of pretty plaid dress goods for 60c to 75c a piece, pieces that were formerly as high as 50c a yard; economical authorities will find these appropriate for school dresses.

There are eighteen five yard lengths of these worthy plaids, for school and home hand wear at from 75c to 95c a piece.

We believe that every economical mother with four to thirteen year old daughters will find remnants here this week that she will be glad she came to see about.

We'll make a bargain table of cotton dress goods suitable for children's school wear. On this table you'll find a big assortment of cotton dress goods in two, three, four, five, six, seven, eight and nine yards.

From this table you may select useful dress patterns for almost any member of the family. The assortment of styles are bright and catchy, and the prices low enough to make it a money saving event to all who respond to this week's effort.

Try our snow white cotton batting, enough for a quilt, 25c.

Ladies' heavy fleec lined vests and pants—special quality for 25c.

Children's tip-top union suits, 25c.

Removable and worthy ribbed hose for both boys and girls—all ages and sizes—not the how cheap sort, but the how good quality, at a straight 10c and 15c a pair price.

Shetland floss and Saxony yarn at away below last year's prices. The salesman who furnished our stock made us think there was a regular craze on Shetland floss, therefore we bought too much. The moral is: We'll sell it too cheap, just to get you to using it that you may help us get rid of our big stock. Do you understand? We believe you do. Then come here for Shetland floss and Saxony yarn.

We've some very choice new belts at 25 and 35 cents each.
